To whom it may concern

My name is Debra Lucinda Clement-Burns, American citizen, I'm 60 years old, I work as a Administrative assistant. and I'm Matthew's older sister.

Matthew is a very dear brother and extremely sensitive. He married for the first time at a very young age and at that time served in the US Marines. As a result, he had to be away from family life on and off for a long time and after he left the Marine Corp, his then-wife asked for a divorce.

He went through a single period and after 2 years he met another woman, where he remarried and had Kaiden, his only child. Due to incompatibility and differences in coexistence, after 6 years the marriage came to an end.

I've always been very concerned about Matthew, because despite the fact that he is a very hardworking and honorable man, especially when it comes to family, the girls he was in contact with were always abusive and took advantage of his kindness.

Luciana and Matthew have been together for 4 years, they keep the relationship at a distance and in 2020 they took the initiative to officially get married in Brazil. We were unable to attend the wedding due to the pandemic and travel costs, but they did a live on instagram and our family accompanied the entire ceremony.

I didn't have the opportunity to meet Luciana in person, but whenever possible we exchange messages, prayer requests for the family, exchange of recipes and common conversations with Matthew.

The important thing is that she makes my brother happy, after he started this relationship with her, he paid more attention to himself, started to eat better and lost a lot of weight. She makes you feel alive. I believe she is a good girl, and we really want her to be here with him so that after four years of relationship they can live together.

I hope that this distance will be reduced and that both will finally be able to live together.

I declare under perjury under the laws of the United States of America that the above reports are true and correct.
